

Dear Family and Friends,

I am very excited to be hosting an outdoor concert put on by **STICKS and STONE PERCUSSION BAND** in my front yard this coming Sunday evening (July

5th).  The concert starts at 19:00. We would appreciate if you could come and get settled in by about 18:45 so we can get started right on time. Please see the

attached poster. 

A few things to share :

1. Of utmost importance is **social distancing**. As instructed by Dr. Hinshaw everyone is to keep a distance of 2 meters from those not part of their household / cohort

whether inside or outdoors. Please be diligent. The virus is still here. 

2. Bring your **lawn chair** and **insect repellent**.

3. There are **no washroom facilities** available so please plan accordingly. 

4. The concert will happen **rain or shine** (though not through a thunderstorm!). The band has a tent for themselves in case of rain. As I often like to say, "there's no bad weather, just bad clothing". Though the forecast looks good, do bring your rain gear,

umbrella, etc. 

5. **Payment is by donation as you are able.** 

**If you have any questions please let me know.  
I hope you can come !!**
